

AQUA-AID Indicators & Pond Dye

Sky Blue™

BLUE SPRAY PATTERN INDICATOR

Sky Blue is a blue liquid colorant designed to be used with pesticide, fertilizer and/or plant growth regulator tank mixes. Use **Sky Blue** to mark chemical spray solutions on golf courses, turf, nursery and commercial applications. **Sky Blue** provides visual assurance that spray solutions are uniformly applied, with minimum overlap and no skipped areas. **Sky Blue** helps indicate improper equipment operation by immediately alerting the operator to line and/or connection leaks and clogged nozzles. **Sky Blue's** color will dissipate in sunlight and washes off with soap and water.

DIRECTIONS FOR USE

Boom Sprayers: For greens and short cut fairways apply 32-48 oz. per acre (2.3-3.5 L per hectare). For longer cut fairways and roughs apply 48-64 oz. per acre (3.5-4.6 L per hectare).

Broadcast and Handgun Applications: For high volume applications of >2 gal. per 1000 ft² (>8 L per 100 m²) apply 48-64 oz. per acre (3.5-4.6 L per hectare). For low volume applications of 1-2 gal. per 1000 ft² (4-8 L per 100 m²) apply 32-48 oz. per acre (2.3-3.5 L per hectare).

Back Pack Sprayers: For spot spraying or small area coverage with a mini boom use 1-2 oz. per gallon (8-16 ml per L) of spray solution.

PACKAGING: **Sky Blue** is available in 1 quart bottles and 1 gallon jugs.

Sky Blue™ Plus

CONCENTRATED BLUE SPRAY PATTERN INDICATOR

Sky Blue Plus is a concentrated blue liquid colorant designed to be used with pesticide, fertilizer and/or plant growth regulator tank mixes.

DIRECTIONS FOR USE

Boom Sprayers: For greens and short cut fairways apply 16-24 oz. per acre (1.2-1.7 L per hectare). For longer cut fairways and roughs apply 24-32 oz. per acre (1.7-2.3 L per hectare).

Broadcast and Handgun Applications: For high volume applications of >2 gal. per 1000 ft² (>8 L per 100 m²) apply 24-32 oz. per acre (1.7-2.3 L per hectare). For low volume applications of 1-2 gal. per 1000 ft² (4-8 L per 100 m²) apply 16-24 oz. per acre (1.2-1.7 L per hectare).

Back Pack Sprayers: For spot spraying or small area coverage with a mini boom use 0.5-1 oz. per gallon (4-8 ml per L) of spray solution.

PACKAGING: **Sky Blue Plus** is available in 1 quart bottles and 2.5 gallon jugs.
