

AQUA·AID**Aqua·Aid®****Premium Soil
Wetting Agent**

GENERAL INFORMATION

Aqua-Aid is a penetrating soil wetting agent formulated to allow for water to more easily penetrate the most compacted soils and more effectively move water through saturated soils that have not reached super saturation. **Aqua-Aid** is easy to use and will not harm turf when used in accordance with product directions. When used as directed, **Aqua-Aid** can be applied at any time of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

Aqua-Aid comes with a 100% money back guarantee. If you are not satisfied with Aqua-Aid for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

DIRECTIONS FOR USE

Greens, Tees, Fairways, Lawns and Sports Turf

Tank mix **Aqua-Aid** at 2 to 4 ounces per 1000 ft² in 2 gallons of water (6 to 13 L/ha in 800 L). Apply two applications the first month at 15 day intervals. Repeat with 2 to 4 ounces (6 to 13 L) at 30 day intervals throughout the growing season.

Inject **Aqua-Aid** at 1 to 4 quarts per acre (3 to 10 L/ha). Apply two applications the first month at 15 day intervals. Repeat with 1 to 2 quarts (3 to 5 L) at 30 day intervals throughout the growing season.

Horticulture

Inject **Aqua-Aid** at 1 to 2 quarts per acre (3 to 5 L/ha) of container surface and/or landscape plantings. Apply once a month throughout the growing season.

Tank mix **Aqua-Aid** at 2 to 4 ounces per 1000 ft² (6 to 13 L/ha) of container surface and/or landscape plantings in 2 gallons (800 L) of water. Apply once a month throughout the growing season.

DO NOT combine **Aqua-Aid** in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

HAZARD STATEMENT(S)

The product is not classified as hazardous. No known significant effects or critical hazards.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. In case of eye contact, flush eyes with water. If swallowed, give water or milk. If eye or skin irritation occurs or you feel unwell, get medical advice/attention.
