

Recover™ GRANULAR

Treatment Soil Surfactant

AQUA·AID

Recover Granular is a soil surfactant treatment chemistry formulated to easily and effectively relieve existing water related problems such as localized dry spots or wet spots. **Recover** Granular is easy to use and will not harm turf when used in accordance with product directions. When used as directed, **Recover** Granular can be applied at anytime of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

CONDITIONS OF SALE WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

HAZARD STATEMENT(S)

May cause respiratory irritation.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. Avoid breathing dust. Use only outdoors or in a well-ventilated area. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or physician if you feel unwell.

Warning

RECOMMENDED SPREADER SETTINGS*

BRAND / TYPE	SPREADER SETTINGS - lbs/1000 ft ² (kg/ha)	
	2.5 lbs. (120 kg)	3.75 lbs. (180 kg)

Spyker / rotary	3.5	4
Earthway / all rotary models	9	11

*To assure accurate applications, calibrate your spreader periodically.

Weight to Volume Equivalents for Recover Granular Formulation:

2.5 lbs. = 6 fl.oz. of Recover Liquid
120 kg = 19 L of Recover Liquid

CONTAINS NON-PLANT FOOD INGREDIENT:

Active Ingredient 15.8% Polyalkylene glycol
Inert Ingredient 84.2% Porous ceramic carrier

DIRECTIONS FOR USE

Greens, Tees, Fairways, Lawns and Sports Turf

Water Repellency Management Program: Apply **Recover** Granular at 2.5 lbs per 1000 ft² (120 kg/ha) on a weekly basis until turf conditions improve. Irrigation is necessary to release **Recover** from the carrier. Irrigate before next mowing or leave baskets off.

High Water Repellency Conditions: If turf is under high water repellency conditions, begin with 3.75 lbs per 1000 ft² (180 kg/ha) of **Recover** Granular and follow with 2.5 lbs per 1000 ft² (120 kg/ha) on a weekly basis until turf conditions improve. Irrigation is necessary to release **Recover** from the carrier. Irrigate before next mowing or leave baskets off.

Seeding: Apply **Recover** Granular at 2.5 lbs per 1000 ft² (120 kg/ha) two weeks prior to seeding. Irrigation is necessary to release **Recover** from the carrier.

Sodding: After laying sod, apply **Recover** Granular at 2.5 lbs per 1000 ft² (120 kg/ha). Irrigation is necessary to release **Recover** from the carrier.

AQUA-AID GUARANTEE

Recover Granular comes with a 100% money back guarantee. If you are not satisfied with Recover for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.
