

Multi-Branched Long-Term Surfactant

GENERAL INFORMATION

PBS150 is a long-term surfactant utilizing a unique multi-branched molecular structure to address the source of performance loss – biodegradation of the surfactant molecule by soil microbes. This increased performance aids in reducing hydrophobic conditions on a sustainable basis for up to 150 days. **PBS150** also helps to restore the uniform movement of water into and through the soil profile. When used as directed, **PBS150** is safe to turf and can be applied at anytime of the year to avoid the detrimental impact of water repellency stress and localized dry spots on turf and to increase the vigorous appearance of turfgrass. **PBS150** is easy to apply through standard spray application equipment to all turfgrass areas.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

PBS150 comes with a 100% money back guarantee. If you are not satisfied with PBS150 for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

CONTAINS NON-PLANT FOOD INGREDIENT:

Active Ingredient

100% Polyoxyalkylene polymers

DIRECTIONS FOR USE

Fairways, Tees, and Sports Turf

100 Day Moisture Management: Apply two applications 15 days apart at 5 ounces per 1,000 ft² in 2 gallons of water (16 L/ha in 800 L). Reapply 90 to 100 days after last treatment or as needed.

150 Day Moisture Management: Apply three applications 15 days apart at 5 ounces per 1,000 ft² in 2 gallons of water (16 L/ha in 800 L). Reapply 120 to 150 days after last treatment or as needed.

Bunker Faces, Collars, Roughs, and Lawns

Apply two applications 7 to 10 days apart at 8 ounces per 1,000 ft² in 2 gallons of water (25 L/ha in 800 L). Reapply after 120 to 150 days or as needed.

Irrigate with sufficient water to deliver **PBS150** to the soil profile - 1/8 inch (3 mm) or more recommended.

DO NOT combine **PBS150** in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

HAZARD STATEMENT(S)

The product is not classified as hazardous. No known significant effects or critical hazards.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. In case of eye contact, flush eyes with water. If swallowed, give water or milk. If eye or skin irritation occurs or you feel unwell, get medical advice/attention.
